BOUCHON CHANDELIER

The Bouchon Chandelier by Barlas Baylar is one of the most innovative and spectacular designs in the Hudson Furniture line. The Bouchon consists of an elegant chain of interlocked circular pendants made of solid bronze, paired with contoured hand-blown Murano glass. The Bouchon is almost magical, creating an illusion of suspension of the interlinked pendants in mid-air when illuminated. Available in custom sizes and a variety of finishes.
