BRITANNICA VERTICAL CHANDELIER

Transferring traditional Murano glassware design and craftsmanship into a contemporary work of art, the Britannica Chandelier by Barlas Baylar is born from an artistic interpretation of lighting for a modern approach to illumination. The Britannica boasts a myriad of components including hand-blown, faceted Murano glass globes, a bronze frame, bronze honeycomb spheres, glass chards and bronze spears. The Britannica is a lighting masterpiece that boasts varying incandescent reflections, set to uplift the ambiance of any setting it is placed in. Available in custom sizes and a variety of finishes and as a sconce.
