BRANCH D'OR SCONCE

Introducing you to our first 2023 design, the Branch D'or sconce . A namesake, organic piece instigated by Barlas Baylar. The Branch D'or embraces a sturdy plexi acrylic glass branch with alternating tinges of bronze, complete with custom bronze clasps. Barlas' inspiration stems from the fragility of nature, thus the Branch D'or is a testament to the greatest designer of them all, mother nature.
